### Stay safe from APP scams

Every year thousands of people are victims of APP scams. An APP (authorised push payment) scam is when you're tricked into paying money to someone who isn't genuine or for a different purpose from what you meant. Because it seems convincing, it's easy to get caught out.

Since May 2019, we've been a voluntary member of the APP Scam Code. Under the Code customers who are protected are refunded if they fall victim to an APP scam, provided they did everything expected of them under the Code.

### What's happening?

From **7th October 2024**, you'll be protected by new rules from the Payment Systems Regulator. The new rules will apply to all financial companies and mean you're even more likely to be refunded if you're the victim of an APP scam.

Find out more about APP scams at [www.natwest.com/safefromscams](https://www.natwest.com/safefromscams). This includes important details on the new protections, including on when we will, and won't, refund you.

We'll be updating our terms soon with these changes. You'll be covered for Faster Payments and CHAPS made to UK accounts on or after 7th October 2024. This does not include card or other payments.

We just wanted to let you know and there's nothing you need to do. But if you think you've been victim of a scam, get in touch with us, the faster you act the better.
